SEBO SOFTCASE BP60

POWER UNLEASHED

The new SEBO BP60 offers 60 minutes of powerful cleaning performance using a state of the art 308 Watt Hour lithium-ion battery. The upper case of the SEBO BP60 is made from a soft textile material with a 2-way-zip. This durable material is shockproof, light-weight and won't scratch walls and furniture. The machine will work when flat, making it easy to vacuum under furniture.

01 Efficient Impeller Technology

A 17,000 rpm impeller is driven by a toothed belt. A separate toothed belt drives the brush. This system makes the most efficient use of the motor power for powerful suction and brush action.

04 Adjustable power head

The power head features a 4-stage height adjustment, so it can be used on any height of surface (from hard floor to carpet).

02 The high-performance battery

The SEBO POWER UNIT offers an extremely long runtime of 60 minutes under full workload.

05 Large volume filter bag

The SEBO BP60 has a sealable four-layer electret filter bag with ultra-fine microfiltration and a volume of 5,5 litres.

POWER CHARGER & POWER UNIT are the essential power plant for your cordless cleaning jobs. The charging time of the POWER UNIT is only 250 minutes.

06 Practical cleaning access

The cleaning flap on the bottom of the power head allows easy access into the air channel to remove blockages.

03 Removeable brush roller

The brush roller can easily be removed, without tools, for replacement or to remove tangled hairs and fibres.

07 Safety mechanisms

In case of a blockage or overload, the unit switches off automatically. In the locked, upright position (park position), the brush lifts up to protect your floor.

Product details

- Battery-powered upright cleaner with 60 minutes runtime
- Ultra-lightweight soft case bag housing
- Battery externally and internally rechargeable
- Toothed belt drive with protection clutch
- Safety shut-off
- Quick-change mechanism for the brush roller
- Manual height adjustment of brush
- Release pedal with overload protection
- Cleaning flap
- Rubberised wheels and front impact bumper

SEBO SOFTCASE BP60 incl. Battery & Charger

ITEM NO.	94400SE
RUNNING TIME	60 Minutes
NOMINAL POWER	308 Wh
NOMINAL VOLTAGE	25,2 V
CHARGING TIME TO 100%	250 Minutes
AIR VOLUME	24 l/s
FILTER BAG	5,5 l, 4-layer
WORKING WIDTH	31 cm
WEIGHT	5,8 kg / 8,15 kg*
SOUND PRESSURE LEVEL	85 db(A)

* Weight without / with Battery
